

Chapter Ten Leader Guide

God anointed Jesus of Nazareth with the Holy Spirit and power, and how He went around doing good and healing all who were under the power of the devil, because God was with Him. ACTS 10:38 NIV

REMINDER:

- Continue to talk about the Freedom Conference Nov 14-15th, encouraging everyone to attend. Please use the QR Code for your members to register for the Freedom Conference.

OVERVIEW:

We are all greatly affected by both our own sin, the choices we have made, and what other people have done to us. While we have already covered these two factors, there is a third we must address: there is an enemy of our soul who has a plan for our life. We must acknowledge the fact that demons are real, and they want to destroy us; however, demons respond to higher authority: the Name of Jesus, the Word of God, and the blood of the cross. To engage in spiritual warfare and ensure we are fighting the enemy proactively, we must submit ourselves to God, close any open doors, and confront our enemy daily.

DISCUSSION GUIDE:

- Application from chapter 9: What are some things you learned through reading God's Word last week.
- Have you seen a pattern in how the enemy attacks you? What do his attacks typically look like in your life?
- Have you thought about the Bible as an offensive weapon before? Every time you face something, find a verse and use it as an offensive weapon against the enemy.
- What are some truths in God's word that you can fight the enemy?

APPLICATION:

- Encourage your participants to put on the Armor of God every day by praying through each piece of armor. Ephesians 6:11-13

PRAYER FOCUS:

- Pray that your participants can recognize the enemy's plan to steal, kill, and destroy.
- Pray for them to realize that through the authority of Jesus' name, the authority of the Word of God, and the authority of the blood of the cross they have the power to defeat the enemy.
